

3-D Scotch Snowman

Materials

- Glue
- Scissors
- Black marking pen
- One package or roll of mounting tape (a thick, sticky tape that has adhesive on both sides)
- One piece of colored construction paper for background
- One piece of black construction paper for hat
- One piece of white construction paper for snowman
- One piece of Scotch plaid ribbon 1-inch wide, for bottom border
- One 9½-inch long, ½-inch wide Scotch plaid ribbon for tie

Instructions

1. Cut out snowman pieces and, using mounting tape, adhere to the background construction paper.
2. Using 9½-inch long, ½-inch wide plaid ribbon, tie a bow and glue it to the snowman.
3. Use black marking pen to make eyes, nose, and mouth.
4. Glue 1-inch wide Scotch plaid ribbon to bottom of background for border.

Fingerplay
Five Fat Snowmen

Five fat snowmen were knocking at my door. (*hold up
five fingers*)
This one melted, and then there were four. (*thumb down*)
Four fat snowmen were playing with me;
One more melted, and then there were three. (*index down*)
Three fat snowmen want to play with you,
But the next began to melt and that left two. (*middle down*)
Two fat snowmen, before the day was done,
Another one melted and then there was one! (*ring down*)
One fat snowman stayed out in the sun—
Silly, fat snowman! Now there are none! (*pinky down*)
