

# Snowman

## Materials

- Glue
- Scissors
- One piece of white construction paper for snowman body and eyes
- One piece of black construction paper for eyes, nose, mouth, hat, and buttons
- One piece of red construction paper for hat band
- Three brad fasteners
- One ¼-inch wide paint stick or dowel, 12–15 inches long; if using a dowel, cut a 36-inch dowel into three sections

## Instructions

1. Cut out pattern pieces.
2. Glue on facial features and buttons.
3. Glue on red hat band.
4. Attach hat and arms with brad fasteners.
5. Glue dowel or paint stick on the back, extending it about 9 inches up the snowman for a handle.
